

**RCW 18.73.170 Aid vehicles--Personnel--Use.**

The aid vehicle shall be operated in accordance with standards promulgated by the secretary, by at least one person holding a certificate recognized under RCW 18.73.120.

The aid vehicle may be used for transportation of patients only when it is impossible or impractical to obtain an ambulance or when a wait for arrival of an ambulance would place the life of the patient in jeopardy. If so used, the vehicle shall be under the command of a person holding a certificate recognized pursuant to RCW 18.73.081 other than the driver. [1987]
